

Approved 10/17/24

Dedicatory Objects & Memorials Policy

St. Peter Building and Grounds Committee welcomes requests from Parishioners or others to fund gifts, memorials, or landscaping on church grounds to honor and celebrate individuals or groups associated with the Parish.

The Building and Grounds Committee will assist in identifying suitable and desirable sites for objects that align with the Parish's landscaping master plan, the Church building or the Parish Center. The Building and Grounds Sub-Committee will also develop a list of recommended trees and objects to enhance the parish facilities and grounds and update the list at least every other year. All requests for dedicatory objects, memorials or landscaping must be approved by the Building and Grounds Committee and recommended to the Parish Council, with final approval by the Parish Council.

To avoid setting a precedent,

No permanent signage (other than church signs that are required by law) be constructed on the church campus. All temporary signage must:

1. Meet local codes and zoning regulations.
2. Be recommended by the Building and Grounds Committee with final approval by the Parish Council.
